

**PTR Trail Day, 8:00AM Saturday 06/11/22**  
**PNF Signage on 261/285/285, Mt. Union Area**  
 coordinates; 34.41989 North, -112.38550 West

Remember, check your email or Facebook on Saturday morning to make sure that no weather/fire/flood/pandemic or whatever unknown condition has caused a cancellation of the workday!

We are going to **meet at Five Corners**. At least 2 routes possible:  
**RED ROUTE**; Start at Walker Rd & Hwy 69 where Costco or AMPM gas station is. Follow Walker Road South ~6.8 miles, just after the bridge, and turn left onto Big Bug Mesa graded gravel road. Then an additional ~6.2 miles on Big Bug Mesa and you arrive at Five Corners.  
**GREEN ROUTE**; Start at Poland Jct. Rd & Hwy 69, about 4 miles South of Humboldt. Then an additional ~9 miles to Five Corners.

These are graded gravel roads, and you can drive almost any vehicle to Five Corners, with plenty of parking. Many of you are no doubt going to park somewhere and ride your motorcycle back to Five Corners. After our safety meeting at the trailer at Five Corners we will send 1 small group with Phil and Jay's UTV to install signs. Depending on how many volunteers come, a second group will do actual real tread work on 284 near the 285 junction.

**Bring your own water for the trail, PTR WILL PROVIDE LUNCH!**  
 Start with mandatory safety meeting promptly at **8:00AM** at the PTR trailer. You must have long sleeves & pants, sturdy shoes. PTR will supply hard hats, or use your own bicycle helmet. We are running low on glasses and gloves, bring your own if you have them.

Lunch will be provided, but different, we will make this decision on the fly. We'll likely complete our work earlier than usual and drive back towards town on Walker road, possibly meeting up again at 7-mile parking lot for lunch.
